Y. M. C. A. Team Shows Californians How to Play Basketball.

L. D. S. U. LEADS LEAGUE.

B. Y. C. Champions Meet Another Defeat at Hands of Provo Team—No Change in Ensign.

After traveling all over the northwestern part of the country, meeting and defeating the best basketball teams; after playing 56 games and only losing one, the all-star Los Angeles team met a stinging defeat at the Y. M. C. A. gymnasium Saturday evening at the hands of the association five by the overwhelming score of 34 to 15.

The local team is now justly entitled to the western championship. It has defeated every team that has lined up against it this season and the victory on Saturday evening was such as to leave no room for doubt as to the supremacy of the association five.

Every team of note in Wyoming, Colorado and many crack Utah teams have gone down to defeat before the Y. M. C. A. boys. As to Saturday night's game little need be said. The locals won because they played better basketball.

Preliminary to the big event two games were played by lesser teams. The lineup and results of all were as follows:

Y. M. C. A.—H. Los Angeles—B. Wilcox, L. F. Stevens, Wilson Hammond, R. F. Starbuck, J. H. Hoffman, J. G. Dutton, H. G. Newland, R. G. Neil.

ONE GOOD ONE NEEDED.

No Ball Team Ever Won Pennant Without a Star.

According to the winter "council," which meets every afternoon at Frank Farrell's office and John McGraw's billiard parlor, no baseball team ever won a pennant without one star pitcher of extraordinary magnitude, writes *Bozeman*. "Butler" to club ever had more than one of these stars at the time. The longest record over the attempt to ascertain why Cleveland had never won a pennant. "It is simply because they never had a great pitcher who could head and shoulders above every body else," said Arthur Irwin, scout for the Highlanders. "Of course, Jones is a great pitcher, but he is not strong enough to stand such a pace as that put up by Mathewson, Walsh, Brown or Jack Chesbro."

The winter league fans began to talk it over, and the verdict was that Irwin had won the pennant for the White Sox in the same way. Brown did likewise for the Cubs, and when the Highlanders finished a close second it was due to the work of Chesbro.

"Four or five good pitchers won't turn the trick," says Irwin. "You need one to have one who is a wonder. They all must be good, but they have got to do it. I have been in baseball for 30 years and I have never seen the rule fail."

AMERICAN HORSES GOING TO ENGLAND.

New York, Jan. 31.—The English racing season, which begins early in the month, has attracted attention to this country because of the large number of American horses which will participate in the season. As a result of legislation in various states has resulted in many of the best American horses being shipped abroad, where the sport is unhampered.

Among the prominent owners who have sent horses to England are James R. Keene, August Belmont and Harry Payne Whitney, while scores of young bloods are being sent to the continent to make their appearance at the English tracks.

Colin and Priscilla, two unbeaten horses, head the long list of American racers now preparing for the races on the other side. Other well known names there include Ballot, Fairplay, Dinna Ken, Suffragette, Wedding Bells, Sir Martin, which will carry for the Derby, and the English handi-capper holds a high estimate of the American-bred runners is evident from the fact that Ballot, Colin, Fairplay and Priscilla are all asked to carry the big crowd of spectators more than 100,000, and your Majesty, reckoned the best English horse of the year.

Many of the big English stake races have eligible in the American invading army. In addition, besides the Derby, the great English classic, the Ascot gold cup, the great Jubilee handi-capper, the Lincolnshire cup, the Baberham plate, the Metropolitan stakes, the Liverpool cup, the Great Eastern handi-capper, the Victoria cup, the Eclipse stakes and the Jockey club stakes.

JEFF AFTER BRADY.

Retired Champion Wants His Old Manager to Come Back.

James J. Jeffries has wired Billy Brady, his old manager, asking to "take hold of him again." Brady has answered that he is out of the business of managing fighters, and can't oblige even Jeff.

It looked very much as if the big fellow had changed his mind at last, but he was planning a change to take place in the near future.

Billy Brady first met Jeffries at Carson. When Jeff, the novice, came up to join Corbett's training camp before the fight with Jimmie Brandy was at Carson. When Jeff, the novice, came up to join Corbett's training camp before the fight with Jimmie Brandy was at Carson.

Jeff may be planning a re-entry of the same or may be simply planning a theatrical tour. It is hard to tell, however, that for a whole week he hasn't thrown out any of his heated denials.

BURNS HANDICAP IS WON BY KING JAMES

Oakland, Jan. 30.—After practically leading all the way, King James, one of the stars in the stable of Sam Hilditch, gained a head victory over Dorante in the Burns handicap at Emeryville today. Milford, one of the lightweights, was third. The class of the race was run in the presence of about 15,000 people over a very heavy track. A heavy rain had fallen during the early morning hours. Fine weather prevailed for the sport during the afternoon and the crowd saw one of the best finishes in the history of the Burns handicap.

Ketchel further asserts that he can be as hard as his future opponent, and that he will advocate continued blows to wear him down. The middleweight champion says he has become considerably heavier and that he could fight at 160 pounds and be in good condition. He also says that he is convinced that Johnson would win under a series of hard body blows, and that he would like to see Johnson's barrels from him in a long distance go.

Are You Sick?

Much sickness is due to a weak nervous system. Yours may be. If it is, you cannot get well until you restore nerve strength. Your nervous system is nature's power house; the organs of your body get their power from it. If the power is not there, the action of the organs is weak, and disease (sickness) follows. Dr. Miles' Nerve cures the sick because it soothes the irritated and tired nerves and gives the system a chance to recuperate. Try it, and see if you do not quickly feel its beneficial effect.

"I was given up to die by a leading doctor. Got one of Dr. Miles' Nerve cures and found that Dr. Miles' Nerve cure did me more good than I had ever had before. I am better now than I have been for years, and do all my own work on the farm. That's what Dr. Miles' Nerve cure has done for me, and I am glad to recommend it to all my friends."

JOHN JAMES, Alton, N. H.

Your druggist sells Dr. Miles' Nerve cure, and you can get it by mail for the price of first bottle (only) if it fails to cure you.

and Dugan at once went to the front with King James. Arace for an instant took the lead, but King James passed him, and after that was never headed. In the last quarter Dorante challenged King James and the pair fought it out. In the drive the hindmost horse outstripped Dorante. Milford was a close third. Firestone was outrun and Big Chief was not home in the end. The race was worth \$12,500, of which \$10,000 went to the winner. Thirty-one books were in line and betting was lively.

CREW NOT GOING.

No Trip to England for Yale Bunch This Year.

New Haven, Conn., Jan. 28.—It was a sad quotation in the Yale crew that there was no truth in the report that Yale will send a crew to England this year. The crew of the Yale-Harvard regatta, Yale's rowing program for 1909 will be simple in the extreme and there is little chance that Yale will arrange with other races than those included in the regatta with Harvard. The substitute eight may be sent to the American Henley races at Philadelphia in May.

TEAMSTERS TO HAVE SCHOOL OF ETIQUETTE

Chicago, Feb. 1.—A school of etiquette for teamsters is to be established. John T. Stockton, who is known as the "Chesterfield of the teaming industry," is to be instructor.

In a dispute at a freight house over precedence, according to the new authority, the "language" must be after the following model: Pardon me, Mike, but I believe I have the right of way. If you will permit me to suggest under rule 22, revised code of manners and morals of teamsters, my claim has precedence. "All right, old man, back up, you've won."

KETCHEL BECOMES HEAVY.

Says He Can Fight at 185 Pounds and Beat Jack Johnson.

New York, Jan. 28.—Stanley Ketchel, the middleweight champion, who aspires to a match with Jack Johnson, the world's heavyweight king, is confident that he can beat the big negro. The conqueror of Papke concedes the Ethiopian the advantage in height and weight, but hopes there, he says that Johnson's cleverness has been far overrated, and that he has met and defeated many fully as heavy weight titleholder.

Ketchel further asserts that he can be as hard as his future opponent, and that he will advocate continued blows to wear him down. The middleweight champion says he has become considerably heavier and that he could fight at 185 pounds and be in good condition. He also says that he is convinced that Johnson would win under a series of hard body blows, and that he would like to see Johnson's barrels from him in a long distance go.
